Bruce Li - CHAT / Chewsday with Andrew Dembina on local and global food news /Sharp Pains: Sadie Kaye - Bake Fail.

主持人：Noreen Mir

On Tuesday's 123 Show we're hearing about two exhibitions organised by CHAT -- the Centre for Heritage, Arts and Textile. They're called "Interweaving Poetic Code" and "Access Breach: Radical Visibility Celebration", and we'll be talking to Bruce Li, CHAT's Assistant curator. That's at 1.30. After 2, Chewsday reporter Andrew Dembina joins us for an update on global and local food news. Finally after 2.30, Sadie Kaye is back with her skewed take on life in her monthly humour column, "Sharp Pains". This one's called "Bake Fail."
