Carol Szeto - Save the Children Hong Kong / Chewsday with Andrew Dembina on local and global food news / Sharp Pains with Sadie Kaye: Tea Bag

Presenter: Noreen Mir

On Tuesday's 123 Show we're hearing about the latest survey results on young people's well-being, including the effects of academic pressure and bullying in school. We're joined by Carol Szeto, CEO of Save the Children Hong Kong. That's at 1.30. After 2, Chewsday reporter Andrew Dembina joins us for a global update on hospital food news. Finally after 2.30 Sadie Kaye is back with her skewed take on life in her monthly humour column, "Sharp Pains". This one's called "Tea Bag".
